COURSE CONTENT

Method of conducting classes	Course content
other (student's independent work and consultations with the thesis supervisor)	The program content is adequate to the topic chosen by the student, undertaken in the bachelor's thesis related to the field of study. The realization of the diploma thesis involves activities whose subject, purpose and scope are specified in the Diploma Thesis Task. The research is conducted independently by the student under the supervision of an academic teacher - thesis supervisor. In the implementation of the research, the student uses knowledge acquired during studies and independently as part of his/her own work.
